Rate & Amount

[Quantity] × [Rate] = [Amount]

This format means you're multiplying the amount of work (such as hours, words, units, etc.) by your rate (per hour, per word, per item) to calculate the total cost of a service.

Total Due

Total Due

This is the final amount the client is required to pay after all calculations, including service fees, rates, taxes, and any applicable discounts.

Payment Methods

I accept the following payment methods for your convenience:

Bank Transfer (IBAN): IBAN

PayPal: PayPal@email

Another payment method
